

You Said, We Did

Feedback from parent questionnaire

At the start of the school year, we sent out a questionnaire to gather your thoughts on how we're doing at Oak Tree. We appreciate your responses and have gained valuable insights from them. We're excited to share our progress and address your feedback below. Thank you for your continued support

You said	It is difficult to attend school events
We did	• We have prioritised our picnic at the end of the school year to be after school to accommodate parents where possible and allow families to spend time with new class teachers. • We are giving more notice of events happening in the school day to enable parents to book time off where possible. • We will be producing a whole school calendar of events by the end of this school year.

You said	You are unsure how best to support learning at home
We did	• We are sending PLIMs reports home each half term to share learning targets with parents. • We will organise more parent training sessions to support different elements of learning. A form will be sent out regarding what support would be helpful.

You said	It is hard to see how much your feedback to the school has impact
We did	• We have a family support worker who liaises with families regularly, bringing issues to SLT on a weekly basis. • Significant issues raised by parents are worked through with SLT to ensure a combined positive outcome for all.

Thank you for your ongoing support and commitment to working with us to improve outcomes for your children.
