

## 9D class – Intended Community visits for Summer 1

During each community visit we will explore different modes of transport, increasing independence and working on different areas of travel training in doing so. Students will continue to develop their cross-curricular links by visiting a variety of places, building confidence and life skills whilst out in the wider community. These visits really are valuable and provide students with opportunities to interact outside of their comfort zone

<b>Destination</b>	<b>Method of Travel</b>	<b>Week</b>
Bracknell – Clothing Budget Challenge for different situations	Minibus	20th April
Sainsbury – Supermarket Sweep challenge	Walk	27nd April
